UNAUDITED FINANCIAL STATEMENTS FOR THE THREE MONTHS ENDED 31st December, 2017

MANAGEMENT COMMENTARY

For the three months ended December 31st, 2017 sales amounted to \$323M representing a 3% increase in sales relative to 2016. Profit before tax of \$31M was 27% lower than the \$43M in the corresponding prior year period.

Selling and distribution costs increased mainly due to investment in marketing initiatives and the restructuring of our distribution network. We will begin to see the benefits of the restructure in the upcoming quarter.

The company has investing in the expansion of facilities hence the continuous increase in property, plant, and equipment. The completion of our new warehouse will allow us to take advantage of the strong market demand for our products.

During the quarter, the following awards were received at the JSE Award ceremony for Best Practice.

- JSE 2016 Governor General Overall Best Junior Market Company Award
- JSE 2016 Best Practice Award for Corporate Disclosure and Investor Relations
- JSE 2016 PSOJ Awards for Corporate Governance

We wish to thank our loyal customers, our directors, employees and other stakeholders for their continued support.

Michelle Chong CEO

NOTES TO THE INTERIM FINANCIAL STATEMENTS

1. GENERAL INFORMATION

Honey Bun (1982) Limited (the "Company") is a limited liability company incorporated under the laws of Jamaica. Its principal activities comprise the manufacture and distribution of baked products to the local and export markets. The Company operates within Jamaica from its registered office located at 26 Retirement Crescent, Kingston 5.

The Company's shares were listed on the Junior Market of the Jamaica Stock Exchange (JSE) on 3 June 2011.

2. BASIS OF PREPARATION

This condensed consolidated interim financial information for the three months ended 31st December, 2017 has been prepared in accordance with IAS 34, Interim financial reporting.

The condensed interim financial information should be read in conjunction with the annual audited financial statements for the year ended 30 September 2017, which have been prepared in accordance with IFRSs and comply with the provisions of the Jamaican Companies Act.

3. ACCOUNTING POLICIES

The principal accounting policies applied in the preparation of these un-audited financial statements are consistent with those used in the audited financial statements for the year ended 30 September 2017.

4. USE OF ESTIMATES AND JUDGMENTS

The preparation of interim financial statements requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expense. Actual results may differ from these estimates.

In preparing these condensed interim financial statements, the significant judgments made by management in applying the Company's accounting policies and the key sources of estimation uncertainty were the same as those that applied to the financial statements for the year ended 30 September 2017.

(i) Property, plant and equipment:

Items of property, plant and equipment are stated at cost less accumulated depreciation.

(ii) Depreciation:

Depreciation is recognized on profit or loss on the straight line basis, over the estimated useful lives of property, plant and equipment.

(iii) Borrowings:

Borrowings are recognized initially as the proceeds received net of transaction costs incurred. Borrowings are subsequently stated at amortized cost using the effective interest method with any difference between proceeds net of transactions costs and the redemption value recognized in income along with regular interest charges over the period of the borrowings.

5. SEASONALITY OF OPERATIONS

Due to the seasonal nature of the Company's revenue streams, operating profits are usually expected to be higher in the first half of the year. The Christmas and Easter holidays fall within the first nine months of the financial year when sale of the Company's products reflect uneven revenue.

6. EXCEPTIONAL ITEMS

Items that are material either because of their size or their nature that are non-recurring are highlighted separately in the income statement. The separate reporting of exceptional items helps provide a better picture of the Company's underlying performance.

7. EARNINGS PER STOCK UNIT

The Earnings per Stock Unit (EPS) is computed by dividing the profit for the period by the number of shares in issue for the period of 471,266,950.
