

ENVIRONMENT POLICY

PURPOSE/SCOPE

The Environment Policy is developed to ensure Honey Bun’s compliance with legislation and that International best practices are a choice for Honey Bun within its mandate to serve the greater good.

OBJECTIVES

1. Strive for continuously improving the company’s quality management systems, particularly ISO 14000, towards certification.
2. Implement and Communicate simple best practices (eg. Recycle, green environment) within the organization to build a culture of care and concern for our environment and its impact.

CORRECTIVE ACTION

Implement disciplinary actions for unacceptable behaviours which are counter to the objectives of the program.

VERIFICATION

RESPONSIBILITY

Everyone is responsible for ensuring standards are maintained but the Quality Manager is responsible for implementation.
